## Do I have a Corona-virus infection?

First, answer the questions in the online app on the website of the „Charite“ hospital in Berlin (German and English only):

<https://covapp.charite.de/disclaimer>

If the result says that you are possibly at risk of being infected, get yourself tested!

If possible, call here before the test (and not the Berlin 030-phone number in the online app!):

**Corona-Hotline-Phone of Landratsamt Tübingen: 07071 207-3600**

You can call daily from 8 a.m. until 6 p.m.

There is a Corona-Test-Station at the Festplatz in Tübingen (behind the Freibad/open-air swimming pool). Examinations for infections with the coronavirus are possible there at the following times:  
Monday-Friday: from 10 a.m. until 12 a.m. and from 4 p.m. until 6 p.m.  
Saturday: from 10 a.m. until 12 a.m.

⚠️ Waiting times until it is your turn to get tested are very long (several hours). After the test you will have to wait for several days until you get a result. Please only go there if you are *quite* sure that you may be infected ⚠️

[Here is more information from the Landratsamt, unfortunately only in German](#)
